PUBLIC TRANSPORT

Did you know that the Grand Châteaudun council community public transport network is available to make your daily journeys easier?

The free C'Bus, available to everyone since 2008, allows you to travel easily across the town.

In addition, Rémi coach services and SNCF TER regional trains connect you to many other destinations.

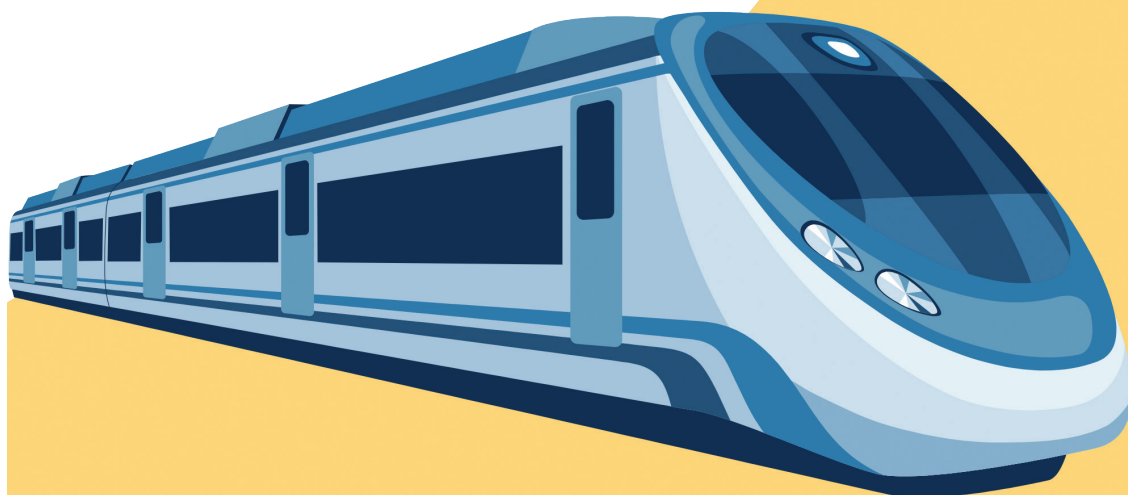

From Cloyes-les-Trois-Rivières, Courtalain/Saint-Pellerin and Brou stations, you can reach Chartres quickly and directly.

From Châteaudun and Cloyes-les-Trois-Rivières stations, several daily return trips allow you to travel directly to Paris, Vendôme or Tours.

For full network information:
www.remi-centrevalde Loire.fr

Several regional coach lines serve the Grand Châteaudun council community area :

- Line 44 (La Bazoche-Gouët <-> Nogent-le-Rotrou),
- Line 9 (Nogent-le-Rotrou <-> Orléans),
- Line 419 (Droué -> Chartres),
- Line 3 (Chartres > Châteaudun > Cloyes les trois rivières)
- Line 434 (Tours <-> Chartres).

These regular regional coaches are accessible to everyone

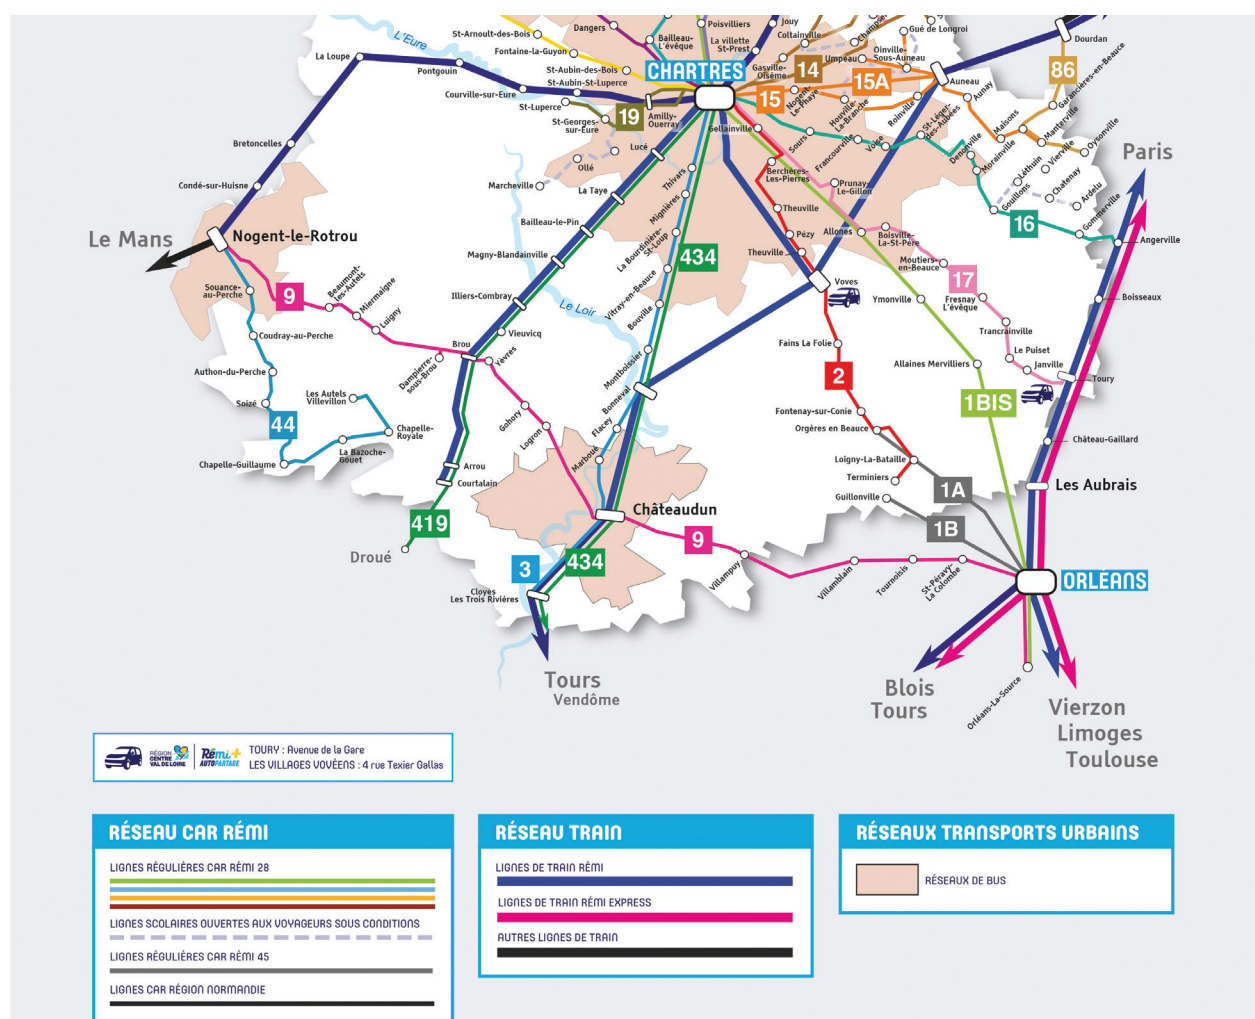

MORE INFORMATION

Flat fare: €3.20 per trip.

Discounted fares and subscriptions are available.

France Services centers in the area can assist you with these procedures.

Want to move easily in Châteaudun?

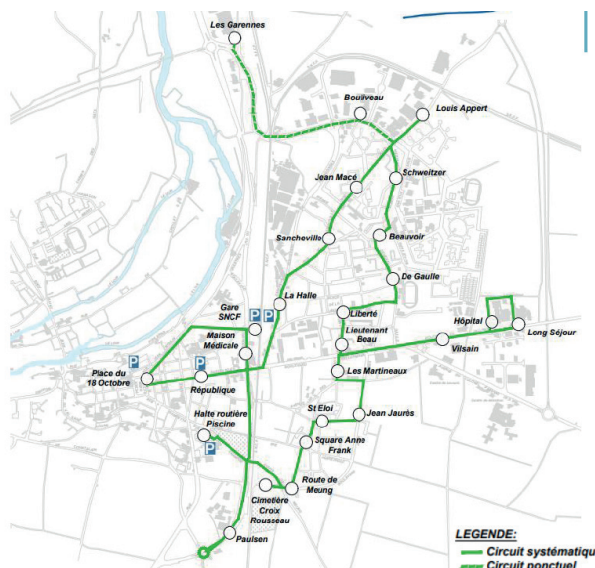

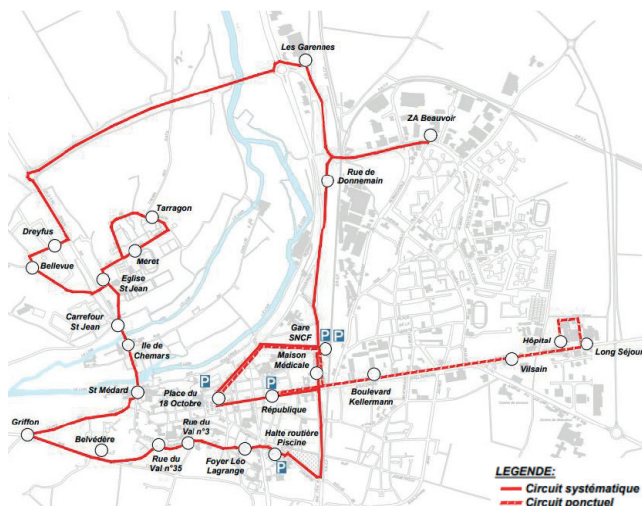

Take advantage of the C'bus, the city bus service that is completely free, accessible to all and without any ticket restrictions. With its two practical circuits, it simplifies your daily journeys, connects you to the main districts and adapts to all user profiles.

Try it: it's simple, user-friendly and designed for your comfort!

CIRCUIT 1 - SAINT-JEAN

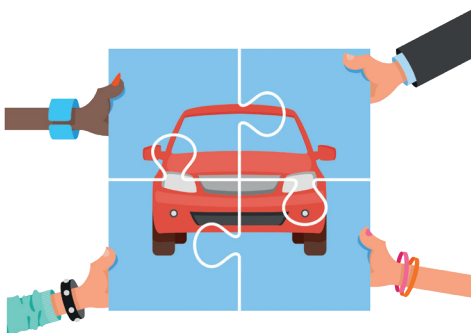

CIRCUIT 2 - MARTINEAUX/BEAUVOIR

Carpooling

Since September 15, 2023, Grand Châteaudun council community has launched a new carpooling program in partnership with BlaBlaCar Daily.

This initiative helps facilitate daily travel while reducing fuel costs.

Carpooling reduces travel expenses, road congestion and carbon emissions.

By regularly taking passengers, you can split the cost of your fuel by two, three, or even four, making each litre of petrol much more affordable. Whether you're a driver or a passenger, this system is a great way to travel while meeting people nearby and contributing to more sustainable mobility.
